ANGLO-SAXON UNITY.

THE ARBITRATION PROPOSAL.
REFERRENCES IN THE CHURCHES.

A CHALLENGE TO CHRISTENDOM."

LONDON, March 20.
Allusions to the utterances of President Taft and Sir Edward Grey were general in the places of worship yesterday, and the newspapers have devoted liberal space to the subject this morning.

The Rev. Cosmo Gordon Lang, Archibishop of York, in a sermon at Sheffield, said that the statements of both parties had issued a challenge whereof Christians were bound to respond, and with new conviction and energy concentrate upon a further effort in cases of grave import, such as Home Rule for Ireland.

"A SHAMEFUL NECESSITY."

Father Bernard Vaughan, preaching at Farm-street West, said that it was painful and shameful that such treatises as that suggested between the United States and Britain should be necessary after 20 centuries of Christ's rule. But he thanked God that England was setting a virtue example, which the other nations would be unable to neglect.

THE BURDEN OF MATERIALISM.

The Rev. R. J. Campbell, preaching at the City Temple, said that civilisation was unable to carry any longer the burdens which materialism and mutual distrust among the nations imposed. It was necessary that the International court of arbitration should be extended so as to adjudicate on every case of national difference. This, he said, would necessitate the establishment of international police, whereby every nation would contribute its quota.

A VARIED IDEAL.

The Rev. Dr. Clifford, in a sermon at Westbourne Park Church, said the pronouncements of President Taft and Sir Edward Grey introduced a new factor into the international situation. Hitherto the ideal had been: "Never fight unless we previously arbitrate"; but now the ideal was: "Arbitrate, and never fight."

PRAYER FOR THE PROPOSALS.

At the Lyndhurst-road Church, Hampstead, after Dr. Horton's address, the congregation rose to its feet in order to signify its assent to the sentiments he had expressed, and then sank to its knees and engaged in prayer for the success of Sir Edward Grey's proposals.

EIGHT ROYAL BISHOPS.

The "Westminster Gazette" publishes the letters of eight bishops, who are hopeful of an arbitration treaty with the United States.

DEFENSIVE ALLIANCE CERTAIN.

PREDICTION OF M. JAURES.

PARIS, March 19.
M. Jaures (Socialist member of the Chamber of Deputies, and editor of "La Petite République"), writing in "Humanité," declares that it is certain an arbitration treaty between Great Britain and the United States will be adopted, and shortly afterwards changed into a defensive alliance.

"The progress of arbitration," M. Jaures adds, "is due to the influence of the organised proletariat."

A POSSIBLE DANGER.

LONDON, March 20.
Mr. T. G. Gibson Bowles, ex-M.P. for King's Lynn, speaking at Bath, said that he feared the world would regard the suggested treaty as an offensive and defensive alliance of Anglo-Saxons in order to dominate the world. Thus it would not lead to peace, but to war.

THE GERMAN BOGEY.

LONDON, March 20.
Mr. G. N. Barnes, M.P., ex-leader of the Labour party in the House of Commons, speaking at Walworth, said that he hoped Sir Edward Grey would not overdo the Anglo-American aspect of the position. An alliance with the United States might well bring new troubles in his train, he said, and the German bogey had to be buried.

RECEIVED COLDLY IN FRANCE.

LONDON, March 20.
The Paris correspondent of the "Times" says that the proposal for an arbitration treaty between Britain and the United States has been coldly received there, France considering that Britain, by becoming closely identified with the United States, would be relieved of many anxieties which now made her value her French and Russian friendships.

POSITION STILL CRITICAL.

ST. PETERSBURG, March 20.
China has not yet replied to the Russian Note, and consequently the mobilisation of Russian troops continues.

JAPANESE PRESS SUPPORTS RUSSIA.

TOKIO, March 19.
The newspapers here support Russia's demands on China.

AUSTRO-HUNGARY AND ITALY.

A PERFECT UNDERSTANDING.

VIENNA, March 20.
The Premier of Hungary, Count Khuon Hedervary, states that it is unnecessary to propose a restriction of armaments to Italy, as each of the two countries is fully convinced of the other's peaceful intentions.

GENERAL CABLE NEWS.

LONDON, March 19.
King George paid a surprise visit to a camped garden suburb and was greatly interested in the advances made there in town planning.

King George and Queen Mary will sail for India in the P. and O. Company's R.M.S. Medina.

An outbreak of diphtheria has occurred at Oundle, Northamptonshire. It is thought to have been introduced into the houses by cats eating infected pigeons landing from France.

Mr. Frank Brangwyn, A.R.A., is designing New Zealand's coronation arch.

BERKLY, March 20.
Dr. Icard has invented a method of detecting criminals by means of an injection of paraffine, which causes a slight lump that will last a lifetime without injury to health.

SPECIAL ALLOWANCES FOR POLICE.

LONDON, March 19.
A vote of £15,000 for special allowances to the metropolitan police has been made in connection with the late strike in South Wales.

Mr. Churchill stated in the House of Commons that he did not expect the local authority to contribute towards the ordinary pay of the police, but Glamorganshire had repudiated the Chief Constable's written promise to contribute an allowance, and the law officers were considering the question of litigation in the matter.

HOUSE OF LORDS.

THE UNIONIST REFORMS.

INFORMAL CONFERENCES FOR DEADLOCKS.

LONDON, March 20.
Lord Selborne (Unionist), speaking at Winchester, sketched the reforms which are understood to be approved by the Unionist leaders.

They include a moderate reform of the House of Lords itself, and an arrangement for ending deadlocks by means of informal conferences. If the latter prove insufficient, then it is proposed that the House of Lords and the House of Commons shall have issued a challenge whereof Christians were bound to respond, and with new conviction and energy concentrate upon a further effort in cases of grave import, such as Home Rule for Ireland.

"A SHAMEFUL NECESSITY."

Father Bernard Vaughan, preaching at Farm-street West, said that it was painful and shameful that such treatises as that suggested between the United States and Britain should be necessary after 20 centuries of Christ's rule. But he thanked God that England was setting a virtue example, which the other nations would be unable to neglect.

THE VITERBO TRIAL.

WILL MR. ASQUITH PRESIDE?

A HINT FROM THE "TIMES."

LONDON, March 20.
The "Times," in a leader, advocates the Prime Minister presiding at the Imperial Conference.

THE BURDEN OF MATERIALISM.

The Rev. R. J. Campbell, preaching at the City Temple, said that civilisation was unable to carry any longer the burdens which materialism and mutual distrust among the nations imposed. It was necessary that the International court of arbitration should be extended so as to adjudicate on every case of national difference. This, he said, would necessitate the establishment of international police, whereby every nation would contribute its quota.

A CHAMPAGNE TROUBLE.

DISTURBANCES IN AUBE.

PARIS, March 19.
The non-inclusion of the Department of Aube in the area that has been delimited in connection with the protection of champagne has led to the resignations of the councillors in numerous municipalities.

The red flag has been hoisted in the majority of the villages.

MARCH, 20.

number of revolutionary meetings have taken place in Aube.

A mob of 10,000, armed with hoes and carrying grape-harvests, wherein were tax assessment papers, marched to the market place and burnt the papers in a huge bonfire.

They effaced the motto: "Liberte, Egalite, Fraternite," from the public buildings and red paint, and burned the Premier, M. Monie, in effigy.

The whole of the municipal councillors in 40 towns have resigned.

A ALLEGED ESPIONAGE.

ARRESTS IN GERMANY.

HAMBURG, March 19.
An English commercial traveller and four Germans have been arrested on a charge of espionage in connection with the plans for building battleships.

BERLIN, March 20.
Three Germans, including a woman, have been arrested at Bremen in connection with the case of alleged espionage at Hamburg.

It is reported that in all 20 arrests were made, but several have already been released.

SOCIALISM IN FRANCE.

BLOCKING MINING CONCESSIONS.

PARIS, March 19.
The Socialists in the Chamber of Deputies have prevented a new mining concession being granted for the year.

This stand has been taken by the Socialists despite the fact that many rich seams of coal await to be worked, and that 10,000,000 francs worth of coal are imported annually.

A POSSIBLE DANGER.

LONDON, March 20.
Mr. T. Gibson Bowles, ex-M.P. for King's Lynn, speaking at Bath, said that he feared the world would regard the suggested treaty as an offensive and defensive alliance of Anglo-Saxons in order to dominate the world. Thus it would not lead to peace, but to war.

THE GERMAN BOGEY.

AUSTRALIAN DEFENCE.

GREAT BRITAIN'S HANDS FULL.

ENGLISH NEWSPAPER VIEWS.

LONDON, March 19.
The "Sunday Times," commenting upon the Japanese scare, writes: "Australia's fear of Japan is more reasonable than Britain's fear of Germany. Yet Britain, in the opinion of her fear, has concentrated her ships in the North Sea.

"Sir Edward Grey and Mr. McKenna are wholly absorbed in Britain's possible danger. If Japan forced her policy upon Australia, and the United States forced her upon Canada, the margin would be so fine that Britain would be unable to interfere.

"Admiral Henderson's report shows Australia's preparation for defence to be rather leisurely. But the progress of events is likely to quicken the pace."

The cross-examination of Morris, who is said to be the leader of the actual murderers, revealed the fact that he lived at a luxuriously-appointed hotel, which was really a house of ill-fame, and it was here that the murders were planned, and the assassins returned to the place to remove the bodies from the scene of the deed.
